

REMEMBER ... **CALL 811** BEFORE YOU DIG

AN ALLETE COMPANY

Superior Water Light & Power cares about the safety of you and your family. With the arrival of spring, SWL&P wants to remind customers who are planning to dig in the yard, begin a construction project or engage in any other earth-moving activity, to **call Wisconsin's Diggers Hotline at 811.**

By calling 811, residents can have underground utility lines in the work area located and identified at no cost to you. It's a simple call that can help avoid unintended consequences such as injury to you or your family, damage to your property, utility service outages and costly repairs associated with damaged lines.
